Ashwani Kumar

LinkedIn: linkedin.com/in/ashwani-kumar5 Email: ashuk.dhemiwal@gmail.com
GitHub: github.com/ashuksmile Mobile: +91 - 9817004636

SKILLS

Languages: C/C++, Java, Python, HTML/CSS, JavaScript, MySQL
Tools/Platforms: Ubuntu, GitHub, Git, Docker, Jupyter Notebook
Frameworks: NumPy, Pandas, Scikit-learn, PyTorch, TensorFlow
Soft Skills: Problem-Solving, Team Player, Project Management, Adaptability

PROJECTS

Machine Learning Sentiment Analysis Model | Python, NumPy, Pandas, Scikit-learn | GItHub Nov'25

- Constructed a sentiment classifier using Logistic Regression and TF-IDF vectorization.
- Refined and processed textual datasets to improve model accuracy and generalization.
- Evaluated performance using precision, recall, F1-score, and confusion matrix.
- Tuned hyperparameters and refined the ML pipeline to improve consistency and reduce overfitting.

BankSys - Banking Management System | C++, File Handling, Data Structures Jun' 25 – Jul'25

- Developed a console-based banking management system with structured data handling to support account creation, balance operations, and secure transaction processing.
- Formed a structured data model with file-based persistence and reliable storage and quick record access.
- Implemented optimized modules for deposits, withdrawals, account search, and transaction history.
- Refactored program architecture into modular components, improving performance and maintainability.

Thumbnaily.in | Next.js, Next.auth, Prisma with PostgreSQL, Tailwind CSS | GitHub May' 25 – Sep' 25

- Contributed and launched Thumbnaily, a full-stack application for AI-powered thumbnail generation using Next.js.
- Integrated OpenAI to generate professional-quality thumbnails based on user prompt and visual preferences.
- Crafted efficient data models with Prisma and PostgreSQL, enabling smooth user workflows and secure auth.
- Deployed on a virtual machine with a complete CI/CD pipeline for reliable builds, updates and scalability.

TRAINING

Lovely Professional University Jun' 25 – Jul' 25
Data Structures & OOPS in C++

- Completed a certified 40-hours training program covering core Data Structures (Arrays, Linked Lists, Stacks, Queues, BST, Graphs) and Object-Oriented Programming concepts in C++.
- Gained hands on experience through projects like Banking Management System, File Encryption Tool, and Stock Prediction using Linear Regression.

CERTIFICATES

- Computational Theory: Language Principle & Finite Automata Theory – Infosys | Certificate Aug' 25
- Generative AI Apps and Solutions with No-Code tools – Infosys | Certificate Aug' 25
- Java Programming – iamneo | Certificate May' 25
- Object Oriented Programming – iamneo | Certificate Dec' 24
- The Bits and Bytes of Computer Networking – (Google) Coursera | Certificate Sep' 24

ACHIEVEMENTS

- 5 stars in C++ Programming on HackerRank, Earned by consistent coding challenges. Oct' 23 – Present

EDUCATION

Lovely Professional University Phagwara, Punjab
Bachelor of Technology - Computer Science and Engineering; CGPA: 8.05 *Since Aug' 23 – Present*

G.G.S.S.S. Majra Sheoraj Rewari, Haryana
Intermediate; Percentage:81.4 *Apr' 21 – Mar' 22*

Shri Krishan Sr. Sec. School Rewari, Haryana
Matriculation; Percentage: 100 *Apr' 19 – Mar' 20*
